Student Journal: Lava Beds National Monument Habitats

✓ Fledglings

Watch the PowerPoint and take notes on your focus bird species and answer the following questions.

Bird Species: _____

Fill out this information when you see your bird in the slideshow:

Habitat (What habitat type(s) does your bird prefer?):

Food (What does your bird eat?):

Conservation (What concerns are there for conservation of your bird and its habitat?):

What other birds use the same habitat type(s) as your bird?

After the slideshow:

Now, let's think about your bird's habitat type again. What food, water, shelter, and space will it find there?

Preparing for a field trip

On our field trip we are going to _____ site with _____ & _____ habitat types. Predict if you think your bird could live in one of these habitats. Explain why or why not?

Provide information about the habitats and habitat components found at the this site.

Lava Beds National Monument Habitat Type I: _____

Habitat components found at this site:

Food: _____

Water: _____

Shelter: _____

Space: _____

Check off the bird species found at this site.

Pelicans & Waterbirds

- American White Pelican
- Snow Goose
- Canada Goose
- Northern Shoveler

Raptors/Owls/Vultures

- Red-Tailed Hawk
- Prairie Falcon
- Golden Eagle
- Northern Harrier
- American Kestrel
- Great Horned Owl
- Barn Owl
- Turkey Vulture

Jays/Ravens

- Western Scrub Jay
- Pinyon Jay
- Common Raven

Woodpeckers

- Red-breasted Sapsucker
- Hairy Woodpecker

Meadowlark/Blackbird

- Western Meadowlark
- Yellow-headed Blackbird

Flycatchers

- Western Kingbird
- Say's Phoebe

Sparrows

- Brewer's Sparrow

Swallows

- Cliff Swallow
- Purple Martin

Quails

- California Quail

Buntings

- Lazuli Bunting

Wrens

- Canyon Wren
- Rock Wren

Thrashers

- Sage Thrasher

Thrushes

- Townsend's Solitaire
- American Robin

Towhee's

- Spotted Towhee
- California Towhee
